## **CONTRACTING INDUSTRY NOTICE October 1, 2011**

After consultation with the industry and a series of workshops, we are pleased to announce a few updates to the Contractor Pre-Qualification Program.

- Beginning with the next renewal date, prequalification renewal will be every 2 years;
- Firms submitting the Pre-Qualification Program Questionnaire – Small Projects will be required to submit a current financial statement as part of their application package.

In addition, based on discussion with the industry, we are examining a number of other issues including implementation of online application submittal and processing system, modifications to the contractor's performance evaluation process, and revision of reference interview questions to improve objectivity.

Information about the Pre-Qualification Program is available on the City's website at [www.sandiego.gov/engineering-cip/services/consultcontract/prequal.shtml](http://www.sandiego.gov/engineering-cip/services/consultcontract/prequal.shtml).

These updates are scheduled to go into effect October 1, 2011. For additional information, please contact David Stucky at (619) 533-3474 or [dstucky@sandiego.gov](mailto:dstucky@sandiego.gov).

James Nagelvoort, PE  
Acting City Engineer
